Two Slayers Arrive at Death House

Jefferson City, Mo., Nov. 21 (AP)—Carl Austin Hall and Mrs. Bonnie Heady today were held in death row behind the gray, forbidding walls of the Missouri penitentiary.

The condemned kidnap-killers of little Bobby Greenlease were brought here late yesterday from Kansas City where they were sentenced to death Thursday. The 150-mile trip was made by automobile. The prisoners, in separate cars, were chained and under heavy guard.

To Die December 18
They will die together in the gas chamber Dec. 18.

Immediately following their arrival at the prison they were "dressed in." The process, which required almost an hour, included the recording of weight, height and identifying marks. Photographs and fingerprints were taken. Each was given the usual disinfectant bath.

While they were being fingerprinted, officials said Mrs. Heady remarked to Hall, "This is almost like old homecoming."

Hall, who was released from the prison last April after serving a year and three months for robbery, did not answer.

Blames Liquor
Officers said he remarked: "Lots of people are in here because of liquor. They usually leave too late."

Attorneys for both prisoners have said they do not plan an appeal. Mrs. Heady was placed in Cell No. 18 in death row. Hall was put in Cell No. 35. Each cell is 7 feet wide, 8 feet long and 12 feet high. The only furnishings are a bunk, a toilet and a wash basin. A 75-watt ceiling bulb provides light. It is never turned off.

No Radios
A 24-hour guard will be maintained outside their cells. They will be permitted to have reading material but no radios. Hall, 34, the wastrel son of a prominent Kansas attorney, ran through a \$200,000 inheritance before turning to crime. Mrs. Heady, 41, was a well-to-do divorcee turned alcoholic.

Reports Hit-Run Case
Seth Gill of 163 Green street reported to police that a passenger vehicle struck his car about 8:20 p. m. yesterday while it was parked in front of his home and that the driver failed to stop. He said his car was damaged in the left rear fender and tail light. He gave police what he said was the license number of the vehicle.

Yule Decorations Are Bright Strands
Business Men Use 'Shiny Material Instead of Laurel That Wilts

This year's Christmas decorations in the uptown business section are of multi-colored material instead of the laurel strings, that usually wilted at the time when they should have been green to remind shoppers of the Yule period.

The new type decorations, merchants say, will be as bright and cheery at Christmas as they are now, while workmen are hanging them.

Another reminder that Christmas is approaching, despite the Indian Summer weather the area is enjoying, will be the arrival on Sunday of Santa Claus at the Kingston-Ulster Airport. Saint Nick is scheduled to drop in by plane at 2 p. m. for a big welcome by a crowd of youngsters. The weather man promises rain, or possibly snow, for the weekend.

Trieste Mobs Ask Food During March

Crowd Around City Hall Third Straight Day of Demonstrating

Trieste, Nov. 21 (AP)—Jobless Triestini shouting "Hunger, hunger" marched on city hall today in the third straight day of demonstrations for an increase in relief rolls in the disputed city.

An estimated 500 demonstrators besieged the building demanding to see Mayor Gianni Bartoli, an Italian. A guard of 100 civil police barred their entrance but a delegation was allowed to interview Bartoli.

The marchers claimed to represent 17,000 unemployed persons in the city, where more than 1,000 civilian employees of the allied military government have lost their jobs since Britain and the United States decided Oct. 8 to pull their troops out of the territory's Zone A and turn it over to Italy.

Called Political
Italian sources, however, claimed the demonstrations were politically motivated. They charged the leaders were either pro-Moscow Communists or persons favoring Yugoslav claims on the Trieste territory.

Yugoslavia's President Tito has threatened to march his troops into Trieste if Italian forces set foot inside Zone A. The dispute has caused postponement of the (Continued on Page 9, Col. 5)

Ruzzo Building Is Damaged by Fire

Smoke damage and charred timbers resulted from a fire which broke out in the cellar of a two-story brick building at 670 Broadway about 8:30 a. m. today.

Equipment from Central and Wiltwyck Fire Stations responded to the call which was received at 8:38 a. m.

Deputy Chief Harold A. Sanford said the fire was believed to have been caused by an oil furnace. The timbers damaged by the blaze were located in the cellar. The cellar door was also reported to have been badly burned.

The entire building, owned by Alessandra Ruzzo, was heavily charred with smoke. The first floor of the structure is occupied by the A. E. Markle Confectionery Store and the second floor, a living apartment, by Guerinio Ruzzo.

The last piece of fire apparatus secured at 9:58 a. m.

Spot 180 Miles to West of Hanoi to Be Rallying Point for Pro-French

Dien Bien Phu, Indochina, Nov. 21 (AP)—Thousands of French and Vietnamese paratroopers have jumped deep into mountain territory of the Communist-led Vietminh to grab a major base for new raids on their guerrilla foes.

The French High Command announced their forces, supported by U. S.-supplied fighter bombers, yesterday seized the big rebel war base of Dien Bien Phu, 180 miles west of Hanoi.

Gives Advantages
Gen. Rene Cogny, French commander in North Indochina, said the capture:

1. Provides a center of the rallying and training of partisan fighters from the pro-French Thai tribes and for raids by them and the French forces on the Vietminh.

2. Removes a major threat to the Thai tribal capital of Lai Chau, 50 miles to the north. The Vietminh failed to capture Lai Chau in their sweeping offensive last winter which seized large areas of the Thai country.

3. Takes from the rebels a potential springboard for a renewed attack on the kingdom of Laos, whose northern frontier is less than 10 miles south of Dien Bien Phu.

4. Seizes "highly important" Vietminh base in the center of a rice growing area and at the crossroads of supply routes to the northeast and to the south.

Quick Capture
Cogny said the French dropped "many battalions" on the broad plain around Dien Bien Phu and that they quickly captured the town and its airfield. Fighter bombers flew more than 100 sorties against the area.

In previous such paratroop raids deep in enemy territory, the French have withdrawn after destroying enemy arms and stores. This time, said Cogny, they would remain and would be reinforced.

Another thousand French and Vietnamese troops parachuted into the rich, rice-growing plain today, landing without resistance.

Pay Raises, Taxes Are Considered

Supervisors Get Tickets for Parking Over Time Limit During Friday Meeting

At a short session of the Ulster County Board of Supervisors Friday night the most important items on the agenda were:

Recommendation for time and a half pay for county highway department employees, who work overtime. Referred to committee.

Recommendation that property taken for the New York State Thruway, lost to the town tax rolls, be assessed against the Thruway Authority, and thereby returned to the tax rolls. Referred to committee.

Approval given the equalization table.

Approval given town budgets.

The business of the session was punctuated by the numerous supervisors leaving the room to "put another nickel" in the parking grounds meters. Several of the supervisors returned to the room displaying "overtime" parking tickets which invited them to pay a call at police headquarters.

It was only at a prior session that the board of supervisors adopted a resolution prohibiting any person to park in an unmetered portion of the parking area and requiring everyone to use meters in the lot, including all county employees who work or have business at the court house.

Suggests Taxing Thruway

Mrs. Lee Rognon of Modena, who has served as president of the Plattekill Civic Association, submitted a letter calling attention to the property taken for the Thruway which has been removed from the tax rolls in the towns through which the Thruway runs. This has removed a considerable amount of assessed valuation from the rolls and increased the taxes of the remaining taxpayers. Mrs. Rognon suggested the board refer the matter to proper officials to be brought before the state legislature for consideration of new legislation which would authorize placing the Thruway back on the tax rolls.

Mrs. Rognon stated the Thruway was an "income producing authority" and she cited an Ohio Supreme Court decision which directed the Pennsylvania Turnpike extension in Ohio be placed on the assessment rolls.

Chairman Denniston referred the communication to the Legislative Committee.

The equalization table was presented for adoption. The rates are the same as last year.

Unfair, Says Elliott
On the vote Supervisor Elliott of the town of New Paltz cast the lone vote in opposition to adoption. Elliott stated he had been elected supervisor from the town

To Open Thruway Section on Dec. 1

It is planned to open the Thruway section between Kingston and Saugerties December 1, it was announced today by Mayor Oscar V. Newkirk.

The mayor made the announcement following receipt of a telegram from James Bixby, district engineer of the State Department of Public Works.

The telegram followed a telephone conversation between the mayor and Bixby yesterday.

"We expect, as you do," Bixby stated in his wire, "a lot of trouble at the intersection between the Thruway and Route 28 and also in the City of Kingston but with the extension of the Thruway south of Route 28, now rapidly advancing, we anticipate that motorists are likely to be patient until relief can be afforded."

'Smaze' Shrouds Manhattan

Manhattan skyscrapers look like misty dream-castles as a combination of smoke and haze drifts around them. Called "smog" by most people, the smoke-haze combination might more aptly be termed "smaze" according to weather observers. This condition has prevailed along much of the east coast for four days. (NEA Telephoto)

Russians Claiming Superior Weapons

London, Nov. 21 (AP)—The Russians laid claim today to being first in the field with a whole range of modern war weapons, including rockets, quick-firing cannon and mine throwers.

Moscow radio also quoted Col. Gen. Fomin, identified as a Soviet artillery commander, as saying that the Russians also invented rifled gun barrels 200 years before anyone else and were the first to use breech-loading cannon.

By the beginning of World War 2, he added, Soviet artillery was "superior in fighting and technical qualities to artillery of any other country in the world."

Coastal Areas Are Harassed by Fume And Smoke Haze

Health Officers Keeping Close Watch to See if 'Smaze' Would Add to Fatalities

New York, Nov. 21 (AP)—A four-day concentration of city fume and smoke haze continued today to curtain and harass coastal areas from New England to Virginia.

Health department authorities in the New York metropolitan area and New Jersey were keeping a close watch on death reports to see if the twilight-gray "smaze" would add to fatalities.

Hundreds of persons have complained of scratchy throats and irritated eyes and noses, with chronic asthma sufferers being the worst hit.

Blots Out Buildings
Manhattan's famed skyscrapers often appeared blotted out in the gloom.

The unseasonably warm weather yesterday's high was 69.9—has caused this unusual situation: A layer of warm air has formed a ceiling over colder air at ground level, with the upper air acting as a lid to keep fumes and smoke from dispersing. The weather bureau terms this an "inversion" of the usual process.

The only relief in sight was a forecast of "some rain beginning tonight or Sunday." A cold wave moving east from Chicago could break up the condition, but that might take several more days.

Airliners experienced only minor delays during the daylight hours yesterday. However, by midnight last night all incoming and outgoing flights at La Guardia and Idlewild airports were canceled. Spokesman at both fields said the ceiling was "zero" at 4 a. m. and no activity could be contemplated until much later in the morning.

Compared to Britain Smog
Many observers have started comparing the fume and smoke haze with the smog in Great Britain last year which killed 12,000 persons.

But Dr. Morris B. Jacobs, director of the New York City Air Pollution Control Laboratory, said the gray pall hanging over the area was not smog, which is a combination of smoke and fog.

"In addition to soot," Jacobs said, "the haze includes particles of such things as fly ash, dust, earth, tars, asphalt, grit, loose paint from buildings and windows, rubber rubbed off tires by friction, and anything loose and likely to blow upward."

The accumulation of "smaze" was felt even in residential Westchester county and in sections of Long Island.

Clinics Give Aid

In Elizabeth, N. J., yesterday a "healthy alert" was sounded, that community being one of the hardest hit in the foul-air areas. First aid clinics were busy treating residents and workers for stinging eyes, burning noses, headaches and nausea.

Reds Accused of Holding Back UN War Prisoners

Battle Toll Will Pass 30,000 Mark

Army to Declare 4,000 Missing Soldiers as 'Presumed Dead'

Washington, Nov. 21 (AP)—The U. S. battle death toll in Korea will pass 30,000 when the Pentagon begins next January to close out its books on American casualties in the conflict.

After the truce and completion of prisoner exchanges, the death figure stood at 25,604 and the missing at 7,955. The army yesterday announced confirmation of 400 more deaths among those previously listed as missing.

The army announced yesterday that, unless new information appears by January, it will declare 4,000 men listed as missing for more than a year as "presumed dead." The remaining army missing, unless they are found, will be declared dead one full year after their disappearance.

The army force, with 671 listed as missing, said it will declare 170 presumed dead next month. The marine corps has 493 missing and the navy 78, but neither said they had any plans to declare any of them dead in the near future.

Total Remains Same
The U. S. casualty total in Korea—142,277 killed, wounded or missing—remains the same. It is a preliminary figure, however, and is being checked and rechecked as new information gets to the Pentagon.

The change in status from missing to killed was foreshadowed in early October when the Defense Department said most of the missing must eventually be presumed dead.

The declaration of presumptive death is needed to comply with the Missing Persons Act. This law expires next Jan. 31, but the Defense Department is expected to ask for an extension so survivors of the missing and probably (Continued on Page 9, Col. 3)

Only about 3 per cent of the approximately 2,500 prisoners interviewed so far have elected to return to Communist rule.

Mother Meets Son Returning From Communism to Family

Washington, Nov. 21 (AP)—"My son! My son! Bless the Lord!" Shouting these words and waving her arms in the air, Bessie Dickenson early today rushed into the arms of her son, the prisoner of war who embraced communism and then changed his mind.

It was the first time Cpl. Edward Dickenson had seen his mother in over three years and for a breathless moment a score of reporters and photographers stood mutely by.

Then pandemonium broke loose. Photo bulbs snapped and questions came from everywhere. In the midst of all this, the Dicksons—mother, father, son and sister—kept on embracing and weeping.

"I thought he was dead," cried

Three Escaped Koreans Tell of Being Forced Into Communist Army

Panmunjom, Nov. 21 (AP)—The allies today accused the Communists of holding back some prisoners of war and told the Reds to turn over to Indian custody immediately "all those POWs you still retain."

Maj. Gen. J. K. Lacey told Communist members of the military Armistice Commission that three Korean soldiers who sought refuge at an American sentry box Thursday were South Korean war captives who had been forced into the Red Army.

Get More Time
The Communists asked for a recess to study Lacey's statement, then 30 minutes later asked for and were granted more time.

The chief allied member of the Armistice Commission told newsmen the ROK soldiers provided evidence that the Communists "have forcibly retained prisoners after they had certified that all prisoners had been turned over to the NNRC (Neutral Nations Repatriation Commission)."

Lacey also told the Communists to "cease delays" and get on with the job of interviewing Chinese and Korean war prisoners who have refused to go home.

The explanation program has been stalled by Red refusal to accept Indian rules for speeding up the interviews. Lacey accused the Communists of delaying the program deliberately because of "disastrous" results.

Only about 3 per cent of the approximately 2,500 prisoners interviewed so far have elected to return to Communist rule.

Meanwhile, allied and Communist diplomats continued efforts to arrange a Korean peace conference—without apparent progress.

Effect Not Lasting Is Other View

Republican Chairman Contends Sentiment Against Reds in Jobs to Help His Elections

Washington, Nov. 21 (AP)—Republican National Chairman Leonard H. Hall said today the Harry Dexter White case has given a "tremendous lift" to the GOP in advance of next year's congressional election campaigns.

But Democratic senators said they doubt any advantage the Republicans may have gained will be lasting. They predicted the administration's farm, tax and spending programs will be regarded by the voters as far more important.

Hall said in an interview he believes the charges of laxity toward Communists in government, made by Atty. Gen. Brownell against former President Truman, "have helped us."

Makes Own Survey
"The impression I have gained by talking to people all over the country in that this matter has given a tremendous lift to our organization," he said.

Although Hall didn't say so, he apparently holds the view that Brownell's sensational charges—that Truman promoted White despite FBI reports of White's alleged espionage activities—put the Republicans back on the offensive after they had lost special congressional elections in Wisconsin and New Jersey.

Brownell's charges, made Nov. 6, precipitated an immediate storm of Republican and Democratic outcries, and today there were signs of international repercussions.

Canadian Surprised
A State Department spokesman said Canadian Ambassador A.D.P. Heene called on Undersecretary W. Bedell Smith yesterday and "expressed surprise" at the public disclosure that the FBI had information from Canadian government sources in 1946 about White.

Brownell made the disclosure Tuesday when, in testifying before the Senate Internal Security Subcommittee, he stripped the secrecy label from an FBI letter to the White House in February 1946. This was about the time that White, now dead, was promoted from assistant secretary of the treasury of U. S. representative on the International Monetary Fund.

Knows of No Comment
The letter by FBI director J. Edgar Hoover contained several references to information concerning White "which originated with sources high placed in the Canadian government."

Canadian Prime Minister St. Laurent told the House of Commons in Ottawa yesterday that, to his knowledge, no Canadian (Continued on Page 9, Col. 6)

GOP Leaders Call For Younger Blood

Party in New Jersey Is in Need of Those With Stimulating Ideas

Princeton, N. J., Nov. 21 (AP)—Thirty Republican leaders met last night and said "political misfortune" has caused a need for young, stimulating blood in the New Jersey party's top levels.

The statement signed at the end of the closed meeting did not bear the signature of Gov. Alfred E. Driscoll however. He was at the meeting but left when four other GOP leaders retired to write the statement. One leader who attended the meeting said Driscoll was asked to sign it but declined.

Cross Section Present
At the meeting was a cross-section of state GOP leaders: Paul L. Troast, the defeated gubernatorial candidate; State Sen. Samuel L. Bodine, his campaign manager; U. S. Sen. Robert C. Hendrickson; U. S. Rep. Robert W. Kean, and other representatives of the state committee, Congress, county organizations, women's groups and businessmen.

The group issued a statement at the end of the meeting saying: "Political misfortune and the passing of time have developed a situation that requires an immediate correction if the march toward better government is not to be interrupted."

"Courageous and unselfish persons must enter the lists . . . The Republican party in New Jersey must offer the voters fresh and stimulating leadership."

Sermon-in-Song Program Leader

Hobart Mitchell of New York will present a Sermon-in-Song at the Fair Street Reformed Church at the regular 11 a. m. worship service Sunday. Sermon-in-Song as developed by Mitchell is a synthesis of sacred music and the spoken word. The sermon opens with a solo, after which the spoken text and sacred music alternate in developing the message. Well-known oratorio arias, psalm settings, sacred songs and spirituals comprise the music. The Rev. J. Dean Dykstra, pastor, will preside at the service. Mitchell will be accompanied by Mrs. William E. Rylance at the organ.

Minister in Rochester Mitchell, a baritone, developed his new specialty in 1946 when a minister in Rochester needed supply ministers for the summer Sundays during his vacation period. Knowing that his congregation always welcomed Hobart Mitchell's singing, he asked Mitchell to sing a half-hour of sacred songs at sermon time on one of those summer Sundays. He suggested that perhaps Mitchell could put together a "sermon in song." The result was so enthusiastically received by the congregation that another minister in a nearby city heard of it and asked for a presentation, and by the fall of 1948, Sermon-in-Song had become so much in demand that Mitchell was persuaded to offer it as a definite program and to include it as well as secular concerts in the college field and on concert tours. It is said that Mitchell's sincerity and depth of spiritual understanding lifts this expression out of the realm of programs to make it a moving experience of worship. Mitchell began his singing career as a boy chorister in Grace Church Choir School in New York and has been close to sacred music during much of his life. In addition to his musical training, he has had a broad educational background and holds a master's degree in American literature from Columbia University. He taught English for six years at New York University.

Union Center Pastor Has 15th Anniversary

The Rev. Robert Baines celebrated his 15th year as pastor of the Union Center Community Church during last week's service. On Nov. 6, 1938, through the efforts of Alfred Schoonmaker, the Rev. Mr. Baines was secured on a temporary basis until such time a supply pastor could be obtained. In April 1950, the Union Center Community Church was organized and retained the Rev. Mr. Baines as its spiritual advisor. During the recent celebration, the Rev. Mr. Baines, who praised the furnace committee and consistency for working together on the heating project, was presented with a gift by Schoonmaker.

Health for All

EATING FOR SUCCESS The turkey you will put on your Thanksgiving dinner table has been feed scientifically from babyhood especially for that moment. You add your own traditional turkey stuffing as a final touch to insure succulent success.

Have you ever thought it would be nice to be able to stuff people with the correct ingredients to make them successful? The supermarket shelves would be lined with packages labeled "Stenographer Feed," "Athlete Feed," "Housewife Feed," or "Executive Feed." That day is probably far in the future, if anywhere. But people can and should be fed in accordance with the kind of lives they lead. The office worker does not require the same type of diet as the professional athlete. The housewife, who has to keep up with four lively children needs more energy-producing foods than the stenographer. A small person needs fewer calories than a big one.

The trouble with most people is that they eat by habit rather than reason. Many a man of forty whose only exercise is catching the bus to work is consuming the same amount and kind of food he did when he was a growing boy who never sat down if he could help it. The result is overweight which cuts down his efficiency, lowers his confidence in himself, and eventually shortens his life. Everyone must eat enough for the energy intake to balance the output and for the efficient body weight to be maintained. More than enough food is stored as fat; less than enough means malnutrition. The basic foods—meat, milk, eggs, vegetables, fruit and enriched and whole grain breads and cereals—are essential for the health of everyone. The amount depends on the needs of the individual.

The poultry farmer follows scientific advice in feeding his turkeys. Your doctor can advise you on the diet that will allow you to live, work, and play at your peak.

Policewomen Trap Two on Vice Count

New York, Nov. 21 (AP)—Five policewomen teamed up to trap two men accused of posing as television executives as a springboard for luring girls into vice.

Police said numerous complaints had come from young women about two men who envisioned big TV careers for them—with jobs paying up to \$600 weekly—if only they would "cooperate" concerning improper proposals.

But the girls would not file formal charges because they feared the publicity.

A team of five policewomen were assigned to the case with the leader, Policewoman Dorothy McLeod, posing as seeking a TV career.

Miss McLeod met one of the two men in the lobby of a Broadway hotel last night. The other policewomen were discreetly out of sight.

After talking with a man identified as Jacob J. Shlimowitz, 34, Miss McLeod said, "you are under arrest"—a signal for the other policewomen to surround the suspect.

Authorities later picked up Joseph Brafman, 31, at his home in the Bronx. (1651 Nelson avenue).

Shlimowitz, of Manhattan, (25 Montgomery street) and Brafman were charged with procuring for purposes of prostitution and held in \$2,000 bail each for a hearing Monday.

In 1953 the average pay of workers in U. S. manufacturing plants was \$1.73 an hour.

LL Holds Annual Banquet; Awards Made to Winners

New Paltz, Nov. 20—Two hundred "Little Leaguers," officials and parents enjoyed a banquet Friday night at the College Union

Building. A turkey dinner was served at 7 p. m. in the college dining hall. Dr. William J. Haggerty, president of the college, was present and spoke to the boys.

After the dinner the winning team of 1952, the Giants and the winning team of 1953, the Cardinals, were presented with baseball tie clasps. The names of all the boys on the other teams were read including the Dodgers, Red Sox, Indians and Yankees. Ninety boys and 30 officials participated in the Little League activities in New Paltz last summer. Lee Keator, president of LL, and the boys gave Dr. Haggerty a rousing vote of thanks for the hospitality of the college. Bill Lohman, former big league player, is LL commissioner. He and Keator brought Little League activities to New Paltz in 1952. The co-operation of interested adults who give of their time and energy has made the venture successful. The boys and entire community benefit by the summer baseball games and training in sportsmanship which the boys are learning while enjoying healthful activities.

Films on baseball were shown for the program. One on how to improve your batting stance and another on recent best batters of the major leagues. The evening was much enjoyed and for all the boys who have enjoyed the sports in the past and for those who are looking forward to becoming a Little Leaguer, thanks are said to the civic minded adults who act as officials and make this fun possible.

Book Week Is Held

At Campus Library

New Paltz, Nov. 20—National Children's Book Week has been observed by the Parent-Faculty Organization's sponsored Book Fair at the Campus School. Tuesday through Friday children in groups and singly after school hours and parents have been browsing among the many books. The library on the second floor has all the tables filled with books of all shapes, sizes and subject matter. Something to please every type of reader from the smallest nursery school tot to the junior high readers is available. New fiction, biography and historical stories reprints of older favorites and classics and sciences and nature stories are all there as well as the how to do it books for children. The PFO is interested in presenting good books to the children and this method of making them readily available for parents to purchase the ones their children want, as well as the ones the parents want to make certain their children get to know, such as the classics and their own childhood favorites.

PFO Okays Petition

To Meet Dog Problem

New Paltz, Nov. 20—The Parent-Faculty Organization held its second all school meeting Monday, Nov. 16. During the short business meeting, the budget was adopted as presented by Charles Moehrike. Mrs. Robertson Clarkson, safety and health chairman, presented the dog problem at the school. A resolution was passed that a petition be prepared to present to the Village Board by the next meeting, if no appreciable cooperation of dog owners is secured before that time. The method will be tried, whereby the owners of the offending dogs are notified. If after notice, the situation is not improved, some curb to roaming dogs will be asked for by the PFO.

Mrs. Xan Green, recreation chairman, asked the parents if they would be interested in a group dance program for their children Saturday mornings for 30 to 40 minutes. Enough interest was evidenced to go forward with the program. Square, folk, tap and a little beginning ballet will be introduced. No special dancing equipment will be necessary. Two films were secured about reading and books by the program.

chairman, Mrs. Laurin Abrams. They were also shown to groups of the children. It's Fun to Read Books, and New England: Background for Literature. Miss Ruth Walker, librarian of the Campus School, closed the program with a talk on How to Help Your Children Choose Books.

At the conclusion of the talk, the group adjourned to the library to enjoy a preview of the Book Fair. Refreshments were served in the corridors by the library. Mrs. Carolyn Babo and Mrs. Benjamin were in charge. Cookies were provided by the seventh grade mothers and fruit punch was served by the refreshment committee.

Village Briefs

New Paltz, Nov. 20—Thanksgiving recess will begin at noon Wednesday, Nov. 25. School will convene Monday, Nov. 30. The children will convene Monday, Nov. 30. The children who walk to school will be dismissed by 11:30 and bus children at 11:40 a. m.

The fluorine treatment will be given shortly to the 2-5-8 grades by the dental hygienist. Permission slips must be signed by parents before treatment is given. And the children's teeth should be cleaned beforehand if possible.

The New Paltz Garden Club, through the Village Improvement Committee, has completed the project of foundation planting around the municipal building. Mrs. Charles Huntington, chairman, reported that 12 yews were planted; three upright yews on the corners and nine spreading yews along the sides of the building. Miss Esther Bensley cooperated with Mrs. Huntington in the planting. Carleton B. King of Kingston was in charge of the landscaping.

The Couples Club of the New Paltz Methodist Church has changed its program plans for the Sunday night meeting, Nov. 22, in order to take the opportunity of seeing the fall Art in the Theater. The program for Nov. will be presented in Dec. Cars will leave the church at 8:15 p. m. Other persons who wish to join the Couples Club in seeing this excellent film may meet at the church and go with the group.

The New Paltz Players, the college dramatic club, will present their fourth annual children's theatre production. The plays have been sold out, especially for the children's matinee today.

The New Paltz Artist Series will present Richard Tucker, famous tenor, in concert Monday, Nov. 23, at 8:00 p. m. in the auditorium at the New Paltz State Teachers College. Single admission tickets are available at the College Book Store, telephone 8233. The Metropolitan Opera singer will sing an aria from Verdi's opera, La Forza del Destino. The program will include works from Handel, Mozart, Torelli and Durante. Also on the program in a lighter mood will be selections by Faure, Fauriol, Chausson, several folk songs and the Flower Song from Carmen by Bizet. Joseph Garrett will accompany Tucker at the piano.

The Rev. Roger B. Juckett of Williston Park, L. I., has been elected president of the North Long Island Classis of the Reformed Church. He is the son of Clayton Juckett of New Paltz.

The Mary Beattie Mission Society of the Reformed Church has been called upon by the Women's Board of Missions to give supplies for work in India and Arabia and partial support of a missionary through the Women's Group in the Classis. To support this work a basket has been placed in the Narthex of the church to receive donations.

The Church World Service Sewing Group will not meet this month due to the Thanksgiving holiday. The traditional Union Thanksgiving Service of the Methodist and Reformed churches will be held at 8 p. m. in the Methodist Church. The Rev. Gerret Wullschlegel and the Rev. Mr. Porter will conduct the special service of worship. All members of the community are invited to attend this service of Thanksgiving.

The spring and fall membership classes of the New Paltz Methodist Church will meet Friday, Nov. 27, at the church at 9 a. m. to travel to New York where a tour will be conducted through some of the churches, synagogues and cathedrals. The classes will then visit the Methodist building on Fifth avenue and see some of the Boards and Commissions of the church in action. Following the tour the group will attend a showing of The Robe and then return to New York City.

The Women's Society for Christian Service of the Jamaica Methodist Church has invited the Rev. W. R. Porter to speak to them on their program topic of Aiding the Rural Churches. The Rev. Mr. Porter was a former member of this church. Mrs. Porter accompanied him to Jamaica for the afternoon meeting.

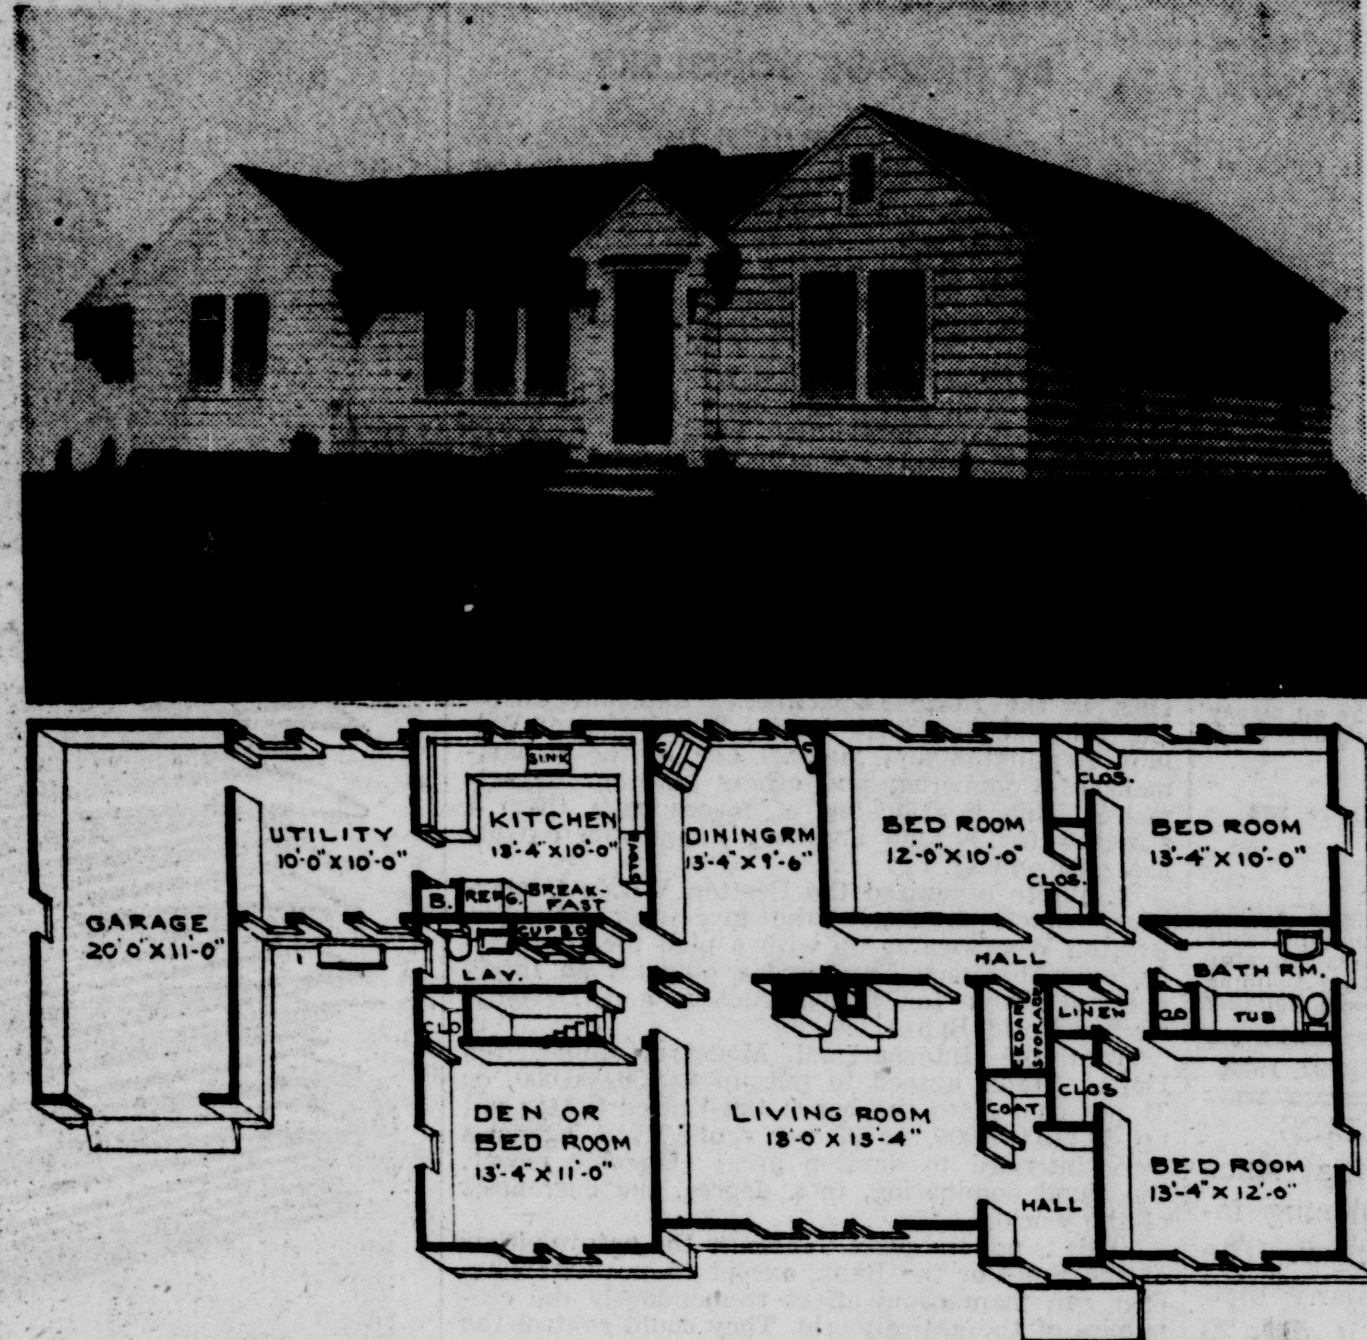

Physician Pleads Innocent

New York, Nov. 21 (AP)—A 54-year-old physician was booked on a homicide charge today in connection with the death of a young woman in his office after an alleged criminal abortion. Police identified the physician as Dr. Alfred Joseph, of Manhattan, who denied the charge. Authorities said the young woman, Miss Joyce Chorney, 25, of 1871 All drew avenue, the Bronx, died Nov. 18 in Joseph's office. An investigation was begun, they said, after an autopsy was performed. Joseph said he attended Miss Chorney for chest pains.

Final Royal Fling

London, Nov. 21 (AP)—Queen Elizabeth and the Duke of Edinburgh danced until 3 a. m. today in a final fling before their departure Monday night for sunny southern islands and a trip around the world. With some 40 close friends, they celebrated their friends, they celebrated their wedding anniversary.

The MAY

Paltz Central News in Brief

New Paltz, Nov. 21—The adult education program at the New Paltz Central School has reached the end of its first quarter and reports indicate that attendance has been satisfactory.

Interested adults may still join most of the classes, it was pointed out today.

Among the available classes are the following: The United Nations and the World Scene, meets in the library Wednesday nights; typing classes for beginners, meeting on Monday and Wednesday. Advanced students may join. A class in ceramics meeting Tuesday nights; needlework, Monday night; sewing, Tuesday night and furniture refinishing, Wednesday night; Hobby Shop, Tuesday; American decoration class, Monday and piano classes, Monday and Wednesday.

The Thespian Sorority, under the direction of Mrs. Young, has begun work on its annual Christmas play to be held Dec. 18 at 9 a. m. The one-act play selected for presentation in the Christmas Assembly is Catching Up With Christmas. The cast includes Ellen Nerz, Sharon Van Gonsic, Flo Triolo, Laura Wilson, Marilyn Frisch, Belinda Kurtz, Eileen Majestic, Marie Dodd, and Joyce De Graff. Jane Wright is the prompter. This play, humorously describes the perennial pre-Christmas bustle in the good old American style. The public is cordially invited.

Now that Dec. 5 is rapidly approaching, the Senior Class is beginning to work on the setting for the play. With the help of the Industrial Arts Department, students are setting up the stage with an appropriate backdrop and collecting furniture of 19th Century vintage. The Senior Class would be grateful for any periodic furniture or clothing that could be used for the performance. Tickets will go on sale shortly and may be obtained from any senior. The Sophomore Class will hold its annual Sophomore Hop Nov. 25 from 8 to 12 p. m. This year the theme for the dance will be The Lamplighter's Serenade. Music will be furnished by the Bill Seitz Trio, which is composed of Bill Cassano, Frank Fredenburg, and Bill Seitz.

Attractive, Modern Has Seven Rooms

Rooms Seven
Bedrooms Four
Closets Eight
Cubage: 28,300 ft.
Garage 3,800 ft.
Dimensions 53 ft. x 29 ft.

A delightful one-story house, "The May" contains seven good sized rooms plus a spacious utility room. This attractive, modern home, presented today by the Home of the Week Plan Service, is planned for gracious comfortable living for a modern family.

While an exterior finish can be used with equally successful and charming results, shingles are recommended for they are in most perfect harmony with the homey qualities of "The May." Colored roofing and blinds can be used most effectively to add dash of brightness to the exterior appearance of the house. Simple landscaping, too, will bring out the natural charms of this delightful home.

Measuring 53 ft. x 29 ft., "The May" would require at least an 80 foot lot. Cubage of the house is 28,300 feet; cubage of the garage is 3,800 feet. This house should be so situated that there is a generous amount of free land on all sides.

Containing three spacious, well lighted bedrooms, "The May" also has a pleasant 13 ft. 4 inch x 11 ft. room which can be used as a den, bedroom or guest room. Thus, you'll find no lack of sleeping space in this house.

Two cabinets built into the back corners of the dining room are convenient, roomy storage places for your fine china and glassware. The large picture window in the back wall is both a practical and decorative feature that makes the room far more pleasant as well as attractive.

Providing protected entrance to the garage as well as serving as a laundry the utility room contains doors leading to both the front and back yards. You'll especially appreciate this fact when you're hanging up the family laundry.

The only must installation in the basement is the heating plant; "The May" is the heating plant; this should be placed under the living room.

Blueprints Available
Complete plans and specifications for this house and all other "Home of the Week" designs are available at moderate cost. For plan prices, write to the Home Building Editor, The Kingston Daily Freeman, and enclose a self-addressed, 3c stamped envelope. Allow 7 to 10 days for a reply.

Mild Weather Blamed For Worst East 'Smaze'

(By The Associated Press)

Wet and cool weather appeared in prospect for the mid-continent and western states today as mild weather in the east created the worst "smaze" in years on the Atlantic seacoast from New England to Virginia.

The midwest storm centered in southwestern Minnesota early today and light snow fell in the eastern Dakotas, northern Minnesota and northwestern Iowa. There also was light snow in sections of the Rockies. Strong winds were reported in southwestern New Mexico.

Associated with the storm center was the light rain which fell in the upper Mississippi valley.

Cooler in Rockies

Cooler Canadian air advanced eastward into the western Great Lakes region, the western Ohio river valley and southward to the Mississippi delta. But the weather bureau reported no severe cold in the midwest although readings were below freezing in some areas today. Coldest spots were in the Rockies, with a reading of 15 below at Big Piney, Wyo. Zero readings were reported in Wyoming.

Comparatively mild weather prevailed east of the leading edge of the cooler air except for the New England area. Record readings for the date were reported in many cities again yesterday.

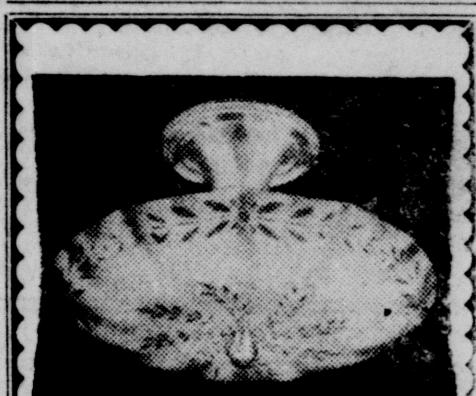

There are no whale ships flying the American flag today says the National Geographic Society.

Reds Lack Eye Glasses

New York, Nov. 21 (AP)—Copies of Pravda reaching here from Moscow report that no eye glasses are being sold in many cities of Russia. The Soviet paper says the leaders of the Soviet Ministry of Health are being more near-sighted than the persons who are supposed to provide for. Kiev student Victor Krutikov made a journey to Leningrad to see the sights and broke his glasses on the way. Because he could get no new glasses in Leningrad he had to grope his way through the city's museums.

False Alarm on Plane

Gander, Nfld., Nov. 21 (AP)—A Europe-bound Trans-World Airlines Constellation with 57 passengers aboard returned to Gander early today after what appeared to be a false fire alarm 500 miles out over the Atlantic. The big airliner was Flight 966, out of Philadelphia and New York and bound for London and Frankfurt. TWA said a fire indicator on the plane flashed a warning signal from one engine shortly after 9 a. m. (EST). The pilot radioed there was no smoke or flame but officials said he was instructed to return as a precautionary measure for a mechanical check.

KILLING, CANCEROUS FUMES

The medical scientists tell us that since 1933 there has been a truly alarming increase in deaths from lung cancer. The disease is killing four times as many men and twice as many women as it did 20 years ago.

They are trying to track down the villains responsible for this, and believe they have found at least some of them. At recent scientific gatherings in this country, some of the newly learned facts and some of the shrewder guesses have been brought into sharp focus.

Right now, city air pollution and smoking are high on the suspect list. Indeed, the case against pollution seems well on the way to being proved.

Studies abroad disclosed that the air over English cities contained a cancer-producing chemical formed by the incomplete combustion of coal. It was found to be present in greatest amounts in winter months, when fuel consumption is highest.

One investigation actually showed that the number of lung cancer deaths in English towns increased in proportion to the number of chimneys per acre. Another indicated heavy incidence of the disease near a coke-producing plant, less frequent appearance as distance from the plant increased.

The amount of pollution over modern industrial cities is astounding. The New York City health department reports that every month 176 tons of solid matter fall on each square mile of the city. Half a ton of that is tarry material which contains the menacing chemicals.

Exhaust fumes from gasoline and diesel engines are also blamed, especially when they are inefficient and when they are running in heavily congested city traffic. The guilty chemicals in this instance are certain hydrocarbons. One scientist said that when painted on the skin of mice they produce cancers in 50 per cent of the animals.

The scientists are much more skeptical about the role of smoking in lung cancer deaths. At least five independent studies show a strong association between cigarette smoking and this type of cancer, especially among chain-smokers who have had the habit 35 years or more. But the link is far from conclusive, and researchers have not yet discovered what specific substance in tobacco might be the source of trouble. Many people who do not smoke still get lung cancer.

In any event, the role of air pollution is sufficiently well established so that city officials, sanitary engineers and other authorities ought to move in on the problem without delay.

Said one scientist in New York recently: "We are creating a marked cancer hazard in the air over our big cities by dumping all manner of fumes and gases into the atmosphere."

To impose the necessary controls upon the countless operations which produce city air pollution may not be easy. But the price of failure, told in shocking medical statistics, is pretty obvious to all.

Dessert at the dinner table when unexpected company is in is a constant threat to little junior. If there isn't enough to go around he may learn it is much too rich for him.

IT PROVES ONE THING

For several days now, former Iranian Premier Mossadegh has been on trial in Tehran before a court-martial. He is charged with illegally resisting the Shah's order to step down as premier last summer.

As an earnest student of foreign jurisprudence, we have tried desperately to understand this whole affair, and particularly the details of the defense Mossadegh is making. So far, unluckily, all we have been able to come up with is this:

Mossadegh does not believe the military court has jurisdiction over his case at all. But he wants the trial to keep going because the courtroom is warmer than his jail cell.

'These Days'

By GEORGE SOKOLSKY

WHAT DID WHITE DO?

In all the discussion of the Harry Dexter White case, little is said about White's stupendous operations. This man had risen to an extraordinary position in the Department of the Treasury of the United States principally because his first chief, Henry Morgenthau, Jr., was not a technician in the field.

During the period of World War II, many problems arose which required more knowledge and experience than Morgenthau possessed. A group of skilled technicians and economists were brought into the department through White's influence. This group, consisting of White, Harold Glaser, Charles Kramer, William Ludwig Ullman, Victor Perlo, Nathan Gregory Silvermaster, Virgilius Frank Coe, William Henry Taylor, Solomon Adler, and a few others on lower levels, was able to control Treasury policies which affected not only this but other countries. They combined with Alger Hiss in the State Department; Lauchlin Currie and Michael Greenberg in the White House; William Remington and Michael Lee in the Department of Commerce; and others in other departments. This interlocking of forces gave them a strength far beyond anything imaginable outside the government.

1. White organized the Bretton Woods Conference, which developed the give-away program. Bretton Woods came up with a plan for an International Monetary Fund and a plan for an International Bank for Reconstruction and Development (World Bank).

Into the International Monetary Fund, the United States agreed to put up \$2,750,000,000, or 31 per cent; into the bank; the United States put up \$3,175,000,000, or 35 per cent. These agencies were intended to develop great economic power, the Fund dominating, to a degree, the currencies of the world.

This is not the place to discuss the nature either of the Fund or the Bank, except to say that whoever ran them could affect tremendously the economics of the entire world. They could control the value of the American dollar. Harry Dexter White organized the International Monetary Fund and was its U. S. executive director. Virgilius Frank Coe became its secretary and was succeeded by William Henry Taylor, both of whom were named in Attorney General Brownell's testimony.

2. For a century or more, China's currency had been stable, although as the price of silver rose, increasing amounts of silver were exported to the United States, leaving China with nothing but valueless paper money. The United States Treasury agreed to assist China to stabilize her currency. Harry Dexter White, Lauchlin Currie, Harold Glaser, Charles Kramer, Solomon Adler and others got into the act. In a period of disastrous inflation, these Treasury aides and advisers helped further to wreck China's currency. It was this that paved the way for the Communist conquest of China. There can be no question but that investigation will prove that Americans helped the Chinese Communists.

3. The so-called Morgenthau Plan is now costing the United States billions of dollars. We now know that it was designed to wreck Germany and to keep that country under Russian control. The original Morgenthau Plan, entitled "Program to Prevent Germany from Starting a World War III," clearly eliminates the United States from Germany.

Although the United States would have full military and civilian representation on whatever international commission or commissions may be established for the execution of the whole German program, the private responsibility for the policing of Germany and for civil administration in Germany should be assumed by the military forces of Germany's continental neighbors. Specifically, these would include Russian, French, Polish, Czech, Greek, Yugoslav, Norwegian, Dutch and Belgian soldiers.

"Under this program United States troops could be withdrawn within a relatively short time."

The plan further provided:

"... the complete demilitarization of Germany in the shortest possible period of time after surrender. This means completely disarming the German army and people (including the removal or destruction of all war material), the total destruction of the whole German armament industry, and the removal or destruction of other key industries which are basic to military strength."

It is now fairly well, but not finally, established that this same group of men, of whom Harry Dexter White was the leader, presented this plan to Henry Morgenthau, Jr., who in turn handed it to Franklin D. Roosevelt and Winston Churchill at the Quebec Conference. Henry Morgenthau, Jr., ought to testify under oath concerning the origin of this disastrous barbarity.

These are three of many examples of the machinations of this dangerous group who worked under a cover-up.

That Body of Yours

VALUE OF VITAMINS IN GLOSSITIS

In former days the physician's first act in treating a patient was to have him put out his tongue. The story told by the tongue was whether the patient was constipated and liver sluggish if tongue was coated. Today the tongue tells much more than this owing to the discovery of the vitamins. In The Journal of Clinical Nutrition, Drs. William B. Bean and Margaret Vance state that the complexity of clinical nutrition is well demonstrated in the problem of disorders of the tongue caused by deficiency diseases.

"Fifteen years ago Dr. Bean began to make observations of the tongue in pellagra, a deficiency disease, using hand lenses, 20-power magnifiers, and later the slit lamp in an effort to learn more of the changes in the tongue caused by specific treatment. Many of these changes in appearance of the tongue could be produced at will in the normal tongue by varying the temperature, moisture, exposure to air, pressure with a glass slide, smoking, and the application of mild irritants."

The article outlines the usual characteristics of acute pellagrous glossitis and reports the results of the effectiveness of the treatment given. The patient who served as the subjects of the observations were admitted to the Medical Service of the State University of Iowa Hospital. The method used was to place patient in hospital, confined to bed and usually given a diet low in protein (milk, meat, eggs, fish) and low in vitamin B-complex factors—nothing but water and glucose for a three-day control period. Symptoms of soreness, burning, bad taste, loss of appetite, feeling of illness or well-being were recorded but the chief evidence was on color photography.

In patient number 1, the control was given and she was kept in bed. This cut down her activity and need of food, at the same time reduced her vitamins. There was a slow improvement in her glossitis.

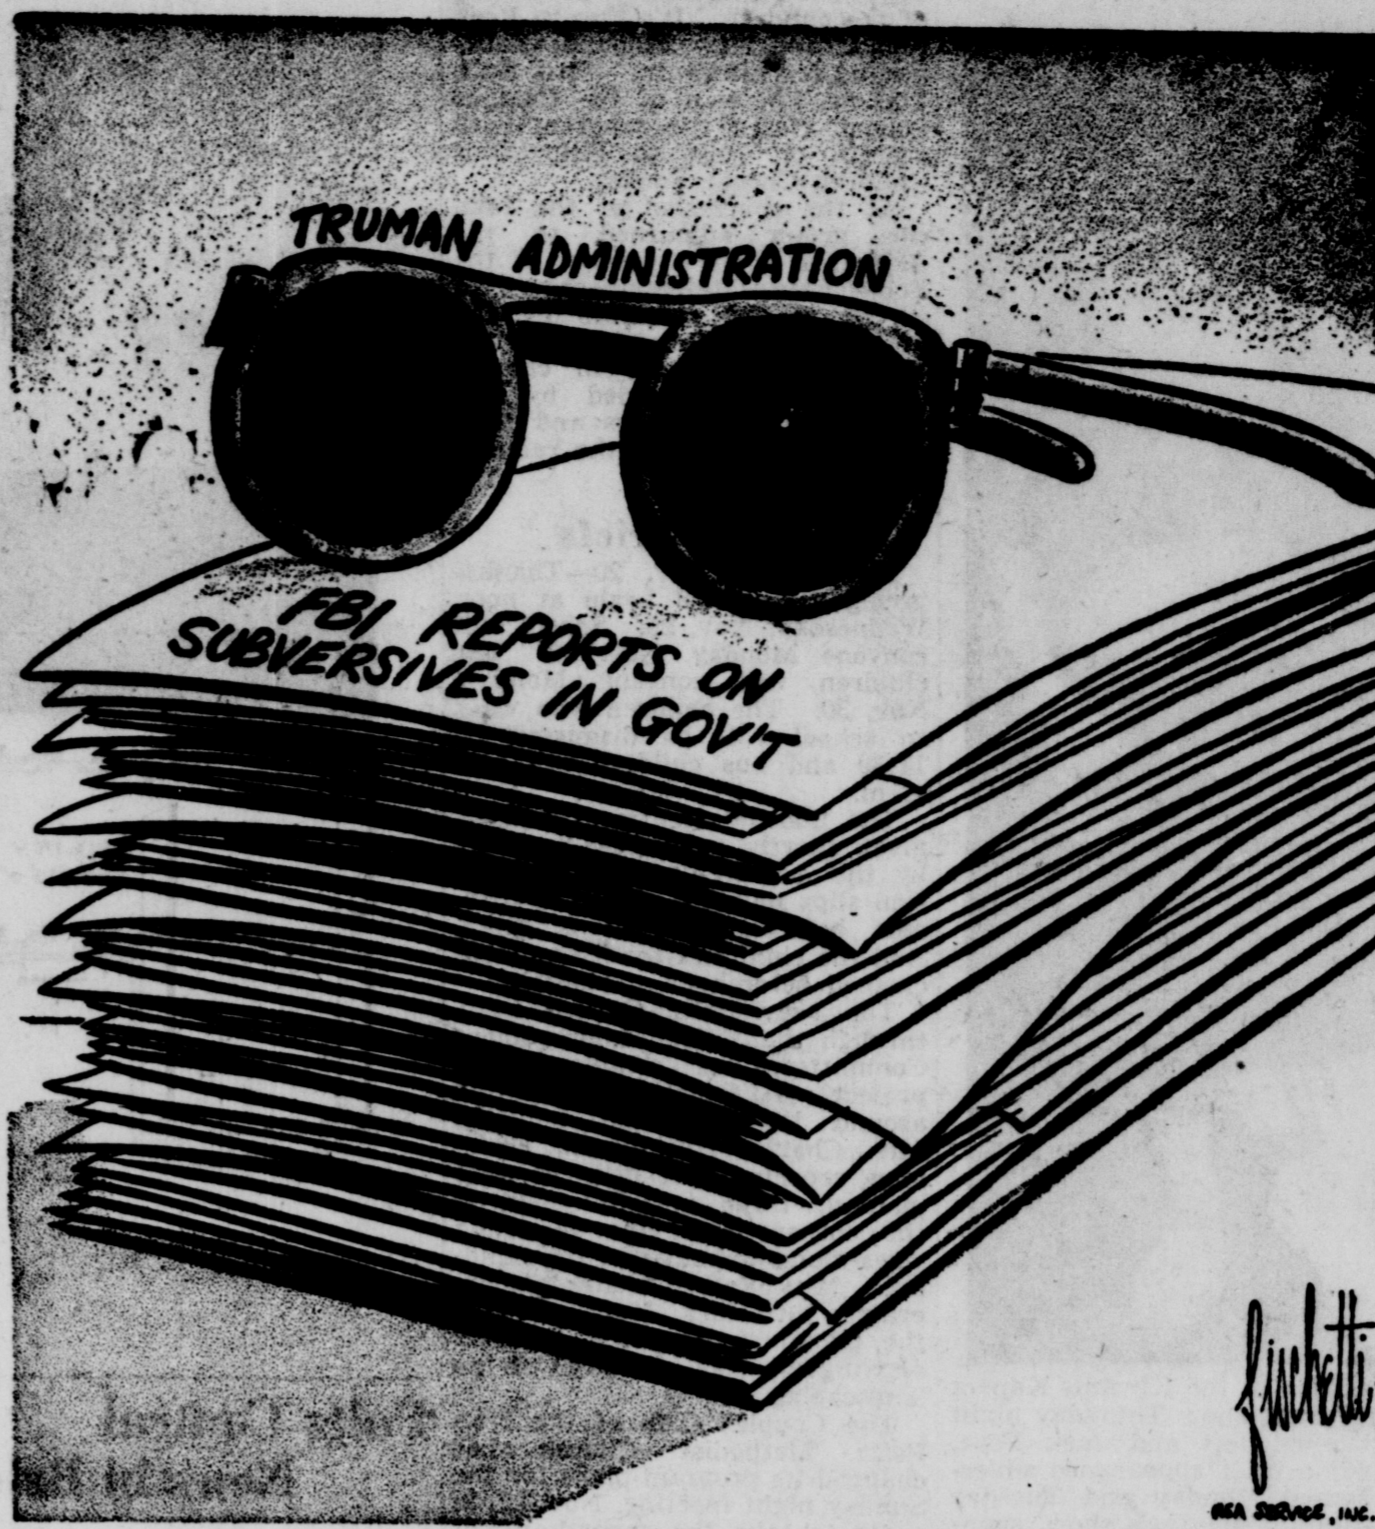

Patient number 2, a woman with part of large intestine removed was put to bed and given a low vitamin diet for 3 days. There was no improvement in signs or symptoms. She was then given 25 mg. of cozymase into a vein and within an hour she remarked that her tongue was no longer sore. By the end of 12 hours the tongue was greatly improved, redness and swelling becoming much less; a normal state was reached in 24 hours.

Patient number 3 was given a control diet for two days but vomited every time she tried to eat. She was given 100 mg. of cozymase and there was a decided improvement in well-being. These physicians then gave ACTH injections, 25 mg. every 6 hours, and patient improved.

A father addicted to alcohol and who had cirrhosis of the liver and had pellagrous glossitis was given three days on the control diet and 9 doses of tryptophane in hourly doses. Within 24 hours tongue became normal.

I believe the above information proves the value of vitamins in glossitis. In fact, physicians state that most of us would do better with more vitamin B-1 and B-complex.

The Record

Edson's Washington News Notebook

By PETER EDSON

NEA Washington Correspondent
Washington, (NEA) — Shortly after Republican National Committee Chairman Leonard W. Hall declared, "We're in trouble," the predicament of the GOP was summed up neatly by its leaders in two different camps.

President Eisenhower at his post-election press conference declared that he did not believe the United States wanted to return to 1892.

Said Rep. Clarence Brown of Ohio: "The people voted for a change and they don't believe they got it."

Using only slightly different words to express the same idea, Rep. Daniel A. Reed of New York declared: "The people have given the answer in no uncertain terms as to what they wanted and did not get." There you have the No. 1 issue in a nutshell.

It is possible that President Eisenhower meant 1896 instead of 1892. Democrats Grover Cleveland and Adlai A. Stevenson, the first, won the presidential election of 1892. But contrary to popular impression, their administration wasn't any too progressive, so the Eisenhower comparison will pass.

The Cleveland administration was marked by breaking the Pullman strike with federal troops, repression of the Coxey's army march on Washington and hard times for everyone in which Washington refused to take any action for relief.

Took Over in 1896

It was in 1896 that William McKinley won the presidency and began 16 years of continuous Republican control of the White House. The McKinley administration was an era of low taxes, high protective tariffs, gold-standard, sound money. That is what the more conservative wing of the Republican Party, for which Congressman Brown and Reed are spokesmen, wants to go back to.

One major catch in this, however, is that in the days of McKinley, Theodore Roosevelt and William H. Taft, there were more registered Republicans in the country than there were Democrats. The Republican slogan, "The full dinner pail," had great appeal to the voters, but it is doubtful if an election could be won on such a platform now.

Statistics today show more regular Democrats than regular Republicans are registered. What is still more important, there is a larger proportion of independent voters who, switching from one ticket to another, hold the real balance of power.

The problem of the Republican Party is to shape a program that will appeal to enough Democrats and Independents so that they will vote for GOP candidates.

President Eisenhower believes he is shaping such a program. Admitting frankly that he is a novice in politics, the President nonetheless has stated repeatedly that he wants to be the President of all the people of the United States and not just the

head of a party.

Policy and Program

He wants to put forward and have enacted a program that the mass of the American people will say is a good one. He says he doesn't know any other way to win votes and he doesn't feel that he will deserve votes unless he can put forward a record of progress that will attract votes.

To the independent voter, this will make complete sense. But the issue of a broad Republican appeal versus a narrow appeal to the Republican Old Guard alone will be over, under and behind every action taken in the next session of Congress. And the future of the Republican Party is at stake.

Some of the President's most severe critics within his own party complain that in the 10 months he has been in the White House, the President has not done enough. This is cited as the principal cause for Republican upsets in recent off-year elections.

In this connection, Walter Chamblin, vice president of the National Association of Manufacturers, has offered the GOP some good advice. Instead of talking about what they have not done, or are going to do next year, the Republicans should talk more about what they have accomplished in the past 10 months, says Mr. Chamblin.

Under President Eisenhower's leadership, these things have been done: Price and wage controls have been ended; appropriations for this year have been cut \$12.5 billion below budget estimates; government employment has been reduced and nearly 1500 security risks separated from government service; a definite commitment has been made to let corporation and individual income tax cuts go into effect, and the shooting has been stopped in Korea. This is certainly not a record to be ashamed of.

Questions—Answers

Q—Why is it easy for an elephant to pull its foot out of a truck mud?

A—Under the elephant's weight the foot swells, but it gets smaller when the weight is removed. So it can readily pull its legs out of deep mud because its feet become smaller when they are lifted.

Ahavath Ball Act on TV Tonight

BAMBI LINN AND ROD ALEXANDER

Bambi Linn and Rod Alexander, dancing stars of WNET's Your Show of Shows, have been booked as a special act for the Ahavath Israel Thanksgiving Eve ball at municipal auditorium. They will appear tonight on the popular Saturday TV show with Sid Caesar and Imogene Coca.

Famous Dance Act Appears Wednesday During Ball Show

An extra-special feature of the 17th annual Ahavath Israel ball scheduled next Wednesday, Nov. 25, at municipal auditorium will be Bambi Linn and Rod Alexander, current television dancing stars who make weekly appearances on the Your Show of Shows over WNET, Channel 4.

In short order, the duo's numbers have become high spots on the Saturday night program and one of their routines, choreographed to the Blue Danube Waltz has already assumed proportions of a minor classic of television dance history.

The announcement of the two celebrated dancing stars appearing with next week's holiday eve show was made today by Herman G. Rafalowsky, general chairman, who already has lined up a top-notch array of stars including music by Claude Thornhill and his orchestra plus Al Bernie, favorite master of ceremonies.

"We have been in constant touch in an effort to secure Bambi Linn and Rod Alexander for our show," Mr. Rafalowsky said, "and definite arrangements were completed Friday. We are indeed happy to announce their personal appearance in Kingston."

Praise by Variety
Variety, the popular theatrical publication, has this to say about the young dance team:

"Not since Marge and Gower Champion stirred show business with their vitality and imagination has there been a dance team with the youthful verve of Bambi Linn and Rod Alexander. They are a good looking, neatly costumed team, their numbers reflect their versatility and they have strong personalities to match. This duo can fit anywhere."

John Martin, the eminent dance critic of The New York Times said, "A delightful act expertly choreographed, skillfully danced, smart, young and full of charm. The night club field has reason to be happy over the acquisition of a gifted and handsome pair of newcomers."

Miss Linn started her Broadway career in Oklahoma and Carrousel. She starred with the late Willy Howard in Sally and was Eva La Gallienne's Alice in Wonderland.

Mr. Alexander, the other part of the dance team, came east from Hollywood with Jack Cole's company which he left to become Valerie Bettis' partner in Inside U. S. A. After that he appeared in the smash hit revue, Lend An Ear and then in the leading male dance role, Great to Be Alive.

Murray Greene, chairman of the reserved seat section, announced today that only 15 rows will be reserved for Wednesday night's show. All of the other seats, including the balcony and bleachers, will be open to the general public.

Personal Notes

Announcement has been made of the birth of a son, Arthur Eugene, Saturday, Nov. 7 to Chief and Mrs. William Fredenburgh of Orange, Calif. Chief Fredenburgh, stationed with the U. S. Navy at Santa Ana, Calif., is the son of Mr. and Mrs. Ralph E. Fredenburgh of 303 Albany avenue, who have just returned from a visit of several weeks with their son and daughter-in-law.

Robert L. Sanford, son of Dr. and Mrs. Lester E. Sanford of Salem street, Port Ewen, recently pledged Phi Gamma Delta fraternity at Union College, Schenectady. Sanford, a freshman, is studying liberal arts and is active in student affairs.

Ask Stronger Resolution
United Nations, Nov. 21 (AP)—The Arab bloc worked over plans today to get more teeth into a proposed Big Three resolution censuring Israel for the recent killing of 53 Jordan border villagers. Backed by Lebanon and Pakistan in the UN Security Council, Jordan expressed complete dissatisfaction with the western resolution. They assailed it as too weak and because it did not demand Israeli compensation for the loss of Arab life and property in the Oct. 14-15 raid on Kibya village. The United States, Britain and France have asked the 11-nation council to vote the "strongest censure" of Israel for the attack, which the Jewish state maintains was in retaliation for a long series of Arab provocations.

Figure Is Exact
Waterbury, Conn. (AP)—Here is how Police Court Judge Mitchell G. Meyers figured out the fine for Alonzo Wiles, charged with driving an automobile for eleven years without a license: "Let's see. The cost of a license is \$3. Three times 11 is \$33. The fine is \$33 for the offense plus \$17 interest or \$50. I think that is about right."

Annual Barn Festival At Phoenicia Next Week

The Holy Name Society of the St. Francis de Sales parish of Phoenicia, will hold its annual barn festival and dance at the Parish Hall on Thanksgiving Eve, Nov. 25. The music for the round and square dancing will be furnished by the famous "Melody Boys" orchestra. The usual turkey feature and other attractions are promised. The public is cordially invited to attend.

Will Broadcast Sunday
The 56-bell Valley Forge Carillon, toward which the National Society of the Daughters of the American Revolution contributed \$300,000, will broadcast a program over the ABC radio network from 5:05 to 5:30 p. m. Sunday, it was announced today by Mrs. Charles Terwilliger, press chairman.

Driver Fined \$75, Coastal Areas Are License Revoked

Robert Barker, 36, of Port Ewen, who was arrested at 10:30 p. m. yesterday on a charge of drunken driving, pleaded guilty in city court this morning, was fined \$75 and his license revoked.

It was charged that Barker was traveling north on Boulevard in his 1940 pickup truck when he struck a parked car at 34 Boulevard, damaging the entire rear end. The damaged car was a 1946 sedan owned by Harry Chambers of RD 4, Kingston.

There was no sign yet of a rise in the death rate, but added that the faulty air could hasten the death of persons already suffering from respiratory or heart ailments.

As one health department spokesman put it: "It hasn't lasted long enough to determine its effects. Death records usually lag a couple of days behind actual deaths in reaching this office."

"Thus we have no indication of any rise in the mortality rate. But we are keeping a close watch on the situation."

Highway conditions worsened with the coming of nightfall, and early today the New Jersey Turnpike lowered its speed limit from 60 to 35 miles an hour.

Gets 30 Days in Jail
Jesse Booker, 40, of 28 North Perry street, Poughkeepsie, who was arrested there Friday afternoon by city and state police on a warrant charging petit larceny, pleaded guilty when he was arraigned before Justice of the Peace Albert Lester of the town of Lloyd and was sentenced to 30 days in jail. Troopers of the Highland station said Booker was accused of taking about \$25 worth of clothing belonging to a fellow apple picker in the Highland area.

Two Autos Damaged
Automobiles driven by Charles S. Raible, 38, of 65 Hoffman street, and Melvin Winchell, 37, of Phoenicia were damaged in a collision on the Ontoora Trail at Stony Hollow about 6:50 p. m. Friday, the sheriff's office reported. Deputy Sheriff Benjamin Newkirk reported both vehicles were traveling toward Kingston and Raible was passing Winchell when the right front fender of his vehicle "caught" the left front fender of Winchell's car. No personal injury was reported.

Why We Say--

HECKLE

This word, which means to tease, has an interesting background. It originally meant to comb hemp or wool. In this action the hemp had to be pulled apart with an instrument called a "heckle". In the 16th century the pulling apart of the hemp by the heckle was figuratively compared to the action of someone passing "cutting" remarks or "heckling".

Ice Box Trap Illegal

Norfolk, Va. (AP)—If you abandon an ice box or refrigerator here you must fix it to open from the inside or you are liable to a fine of \$500 and a maximum of six months in jail. The ordinance was adopted by council after a series of incidents in which children suffocated in abandoned refrigerators in Arkansas, Virginia and Massachusetts.

Bids for Siena Starting Post

Frank Koenig, of Kingston, above, is battling Dick Whyte of Brooklyn for the starting center position with the Siena College basketball varsity. The break for the former KHS star came when the regular pivot, Long Tom Pottenburgh of Rhinebeck suffered a leg injury that will keep him shelved for at least two months. Coach Danny Cunha up to yesterday had not decided definitely between Koenig and Whyte. The Indians open their 1953-54 campaign tonight against the Alumni at Gibbons Hall at Loudonville.

Charlotte Lapine 547; Seymour Markowitz 622 Lead Tenpin Leagues

Warming up for the forthcoming KWBA championships, Charlotte Lapine, the organization's president, knocked off a 547 series with solos of 178-213-156 in last night's session of the Women's Classic League at the Bowlodrome.

Seymour Markowitz flirited with a new Classic League record with 622 on 215-222-185 at the Bowlodrome. Scott Vining's 229 was high solo.

Rudi Hohenberger, erstwhile schoolboy sensation, bombed 200-196-215-611 to pace the Everybody's League and Ray Otto topped 198-210-200-608 to lead the No-Can-Do where Jack Martin's 214 was high single.

Carl Beatty achieved a 187-triplicate in the No-Can-Do and will receive an ABC shoulder patch.

Schatzel Cracks 539

Two other "500" scores were reported in the Women's Classic as Rose Schatzel fired 182-166-191-539 and Dolores Bailey clicked for 175-190-157-522.

Cairo Wins At Oteora By 42 to 35

Oteora Central's basketball squad was still seeking its first victory of the season today and hoped to achieve it Tuesday night against Kerhonkson High at Boiceville.

Coach Ed Witko's tossers dropped their second straight last night, 42-35, in a hard fought battle with a more experienced Cairo High quintet. The winners played the entire game with only five men.

The Oteorians gained a 14-13 lead at the quarter and slipped behind 18-12 at half-time. The Greene county cagers then dominated the second half with a pair of 11-point quarters while Oteora was slumping to five in the third period.

Becker led Cairo with 19 points and Foster scored 14.

Parsons accounted for 12 and Bolster and Foster hit seven apiece Oteora.

New Foul Rule For NBA Gets Test Tonight

(By The Associated Press)

The National Basketball Association's new rule, designed to forestall intentional fouling and to limit roughness, gets its first test tonight in four league games.

The "temporary" rule, which will be tried for a week before a decision is reached, pertains only to personal fouls committed in the third and fourth periods.

The rule provides that the team shooting the foul shot gets the ball out of bounds at mid-court regardless of whether the shot is good—on the third foul committed by a given player in the same period and on every foul thereafter by that player in that period.

It does not take into consideration fouls made in other periods. The purpose is to prevent a player from excessive fouling in the third and fourth periods.

The experiment will be in effect through games of Sunday, Nov. 29. Then the league will vote whether to continue it for the rest of the season.

In the only game played last night, the Rochester Royals moved into sole possession of first place in the Western division by drubbing the Milwaukee Hawks 81-63. Milwaukee now has dropped nine in a row after winning its opener against Minneapolis.

Rangers Irwin of the New York Rangers is the only U. S.-born player in the National Hockey League. He was born in Chicago.

All Stars (1)—R. Smith 521, R. Beatty 210-554, Harry Rice 211-575; 861-783-837-2481.

Vining Posts 617

A slump to 164 in the third set kept Vining out of the Classic leadership. He opened with 229 and 224 and settled for a 617 overall. Bob Jones fired 207-212-579, George Schick 212-548, Bud Greenburg 209-548, Joe Ausanio 227-539 and Warren Wood 201-539.

Also of note were Harold Broskie's 201-537, Lou Secreto 536, Tony La Rocca 201-525, Ralph Woolsey 534, Ronnie Mauro 512, George Dunbar 507 and Jim Cameron 209-503.

B. Waterous, Kleine Score 26 Points

Billy Waterous and Norman Kleine scored 26 points apiece as the Woodstock Varsity launched its 1953-54 campaign with a 93-73 crusher over the Victory Bakery five of Kingston last night on the Woodstock hardwoods.

Coach Walter Van Wagenen's revamped lineup flashed mid-season form as it rolled to a 24-18 quarter lead and 46-38 margin at intermission time.

The Bakers made their best showing in the third quarter, outscoring the Varsity, 23-21, and creeping to within three points of the winners. But the effort was too much and they had nothing in reserve for the stretch period in which they were outclassed 26-12. They used only six players.

Kleine scored all 26 points from scrimmage, while Waterous hit with 11 fields and had four foul conversions. "Boo" Schaffer, the high scoring Saugerties guard, accounted for 15 points. The winners flashed a steady flow of power with quarter clockings of 24-22-21-26.

Peck Leads With 21

Irving Peck's 21 points on ten ducous and a singleton set the pace for the Bakers. Frank "Specs" Ebelheiser hit with 19, Mike Provenzano had 13 and Tom Morrissey rimmed 10.

Coach Van Wagenen introduced a new Woodstock player in the person of Ward Dunham, a YMCA League veteran. Dunham played a guard post and scored 9 points.

The Varsity will play a Friday night schedule for the next few weeks before resuming their twice-a-week policy after the holidays.

Jayvees Win

The Woodstock Jayvees set the victory pattern earlier in the evening with a 58-31 romp over the Genesee Flyers. Top scorers for Woodstock were Richie Hilton (19) and Bob Kaiser (17). John Godwin's 11 paced the Kingston cagers.

Rapp's Express of Kingston has been booked for next Friday's attraction at the Woodstock school.

Browns Risk Winning Streak Against Steelers on Sunday

Lions and Rams Favored to Win

New York, Nov. 21 (AP)—The Cleveland Browns, striving to become the NFL's first undefeated team since the Chicago Bears won 11 conference games in 1942, put their eight-game victory streak on the line against the Pittsburgh Steelers tomorrow in one of the top weekend attractions in the National Football League.

The Chicago Cardinals visit Philadelphia tonight while Sunday's action includes Detroit at the Chicago Bears, Los Angeles at Baltimore, San Francisco vs. Green Bay at Milwaukee and Washington at New York.

Otto Graham and Co. seem to be getting better as the season progresses and the Eastern division leaders are rated 10-point favorites to lick the Steelers for the second time. In their previous meeting Cleveland won 34-16. Pittsburgh, a hot and cold club, has split eight starts.

Lions Over Bears

Detroit, which took over the Western conference lead last week and is a half-game ahead

of Los Angeles, rules a 7½-point choice to turn back the improving Bears. The defending champion Lions have a 6-2 record while Chicago has won two, lost five and tied one.

The Rams, tied by the Cardinals a week ago, hope to get back on the victory trail at the expense of Baltimore. Los Angeles (5-2-1) runner-up Detroit, is 14 points over the Colts (3-5-0).

San Francisco, after bowing to Cleveland last week to drop out of a first place tie in the Western division, should find the going a lot easier against Green Bay. The 49ers (5-3) are rated a 10-point selection to down the Packers (2-5-1).

The high-scoring Philadelphia Eagles still have a mathematical chance to overhaul the Browns and they're favored by 14 points to overpower the winless Cardinals (0-7-1) and keep their faint hopes alive. Philadelphia has won five straight and its overall record is 5-2-1.

In the only game which has no bearing on either conference race, the New York Giants (2-6) are a slight choice to shade the Washington Redskins (2-4-1).

The teams will be meeting for the 35th time. Earlier this season the Skins defeated New York 13-9.

Manfro Leads Turkey Sweeps

Charlie Manfro, captain of the Jones Dairy squad of the Hudson Valley League, has moved into an early lead in the turkey sweeps at the Bowlodrome with a two-game total of 425. He hit 169-242 and had 18-pin handicap.

Competition winds up Monday.

Whitely Crispell is second with 413. George Shufeldt had 409, Harry Secreto 406 and John Bailey 403. It is a two-game re-entry sweeps with 70 per cent handicap off 200 scratch.

Pan-Am Races Nearing Climax

Mexico City, Nov. 21 (AP)—Tens of thousands of racing fans, many in colorful sarapes and sombreros, lined the highway leading to Leon today as a sharply whittled field of about 95 drivers headed north on the third lap of the five-day Pan American road race.

Accidents, disqualifications, slow time and other reasons have cut down the original 177 who started the \$100,000 classic on the Guatemalan border Thursday.

Italian Lancia and American Lincoln had a firm grip on top honors in their divisions, and these were the first to head for Leon 420 kilometers (261 miles) away at dawn.

Two legs will be run today, marking the longest of the entire five-day dash. From Leon the cars will then go to Durango for the night. Durango is 950 kilometers (590 miles) from Mexico City.

Child Health Clinic

Saugerties, Nov. 20 — The Ulster County Health Department will conduct a child health conference Tuesday, Nov. 24, from 1:30 to 3:30 p. m., at the Saugerties Health Center, Main and West Bridge streets. These clinics are limited to infant and pre-school children for the purpose of improving child health through early recognition of defects. And also to advise parents regarding nutrition, growth and development. They also will indicate methods for handling minor behavior difficulties and the administering of immunizations for smallpox, diphtheria, tetanus and whooping cough. These clinics for sound children are for the maintenance of health and prevention of disease, not for the care of the sick child. Children under care of their own physician are not admitted unless the physician desires this service for his patient.

Village Briefs

Saugerties, Nov. 20 — The Dads of Veterans of Foreign Wars will sponsor a turkey shoot at Trinka's Picnic Grounds, Sunday from 9 a. m. till dusk.

The Saugerties Art Association re-elected Mrs. Dorothy Burns president at the Tuesday meeting at the Saugerties High School. Also elected at this time were Mrs. Catherine Shults, vice-president; Mrs. Sadie Shapiro, secretary; Mrs. Minnie Dreishpoon, treasurer; Mrs. Sally Halpert, custodian and Mrs. Madeline Ricks, publicity chairman.

The Saugerties town clerk announced that big game licenses for bear and deer were again available at his office on Main street.

At this writing he has only received 50 additional and more than half of these were sold in a few hours. When this 50 are gone Ferman will have issued 775 big game licenses. At this early date Ferman believes that the final total issued will go well over 800 and establish a new record for the town of Saugerties.

Edwin A. Hartmann, director of the educational department of IBM and an outstanding layman of St. John's Lutheran Church in Poughkeepsie, spoke on the value of stewardship and also gave views on his experiences in the Christian Life before a congregational gathering at St. Paul's Evangelical Lutheran Church at West Camp. The meeting on Wednesday was preceded by a roast pork and sauerkraut supper served by the women of the church.

The third and fourth degrees were administered to 16 candidates from Huguenot (New Paltz), Ulster Park, Hurley, and Asbury as members of the Patrons of Husbandry Wednesday at the Ulster Park Grange. The Asbury degree team acted as conferrants under the direction of Otto Trinka. Seventy-eight members and visitors from other Granges attended. The next meeting of the Asbury Grange is scheduled for Monday, Nov. 23. A supper is planned for this meeting and will be served at 7 p. m.

The Luther League of St. Paul's Evangelical Lutheran Church of West Camp is planning a roller skating party to be held at Spring Lake Roller Rink, at Kingston Tuesday, Nov. 24. Cars will leave West Camp Church parking lot at 7:15 p. m. Young people from other churches are invited.

At two unofficial check points, Van Bramer & Perks Service Center in Saugerties and Pine Woods House in West Saugerties, the following reports were made on big game taken since opening day: George Woods of West Saugerties reported in with a three-point buck. Bobby Bach came back with the first bear taken in the area, Louis Mower of Veteran delivered a four-pointer. Jim

Dederick of Veteran felled a three-point buck and Charles Arnold of Barclay Heights brought down a four-pointer. Charles Collins showed up Thursday with a five-pointer at Pine Grove. Al Cawein of Malden made his first kill with a spike horn. Nat Hepinstall of High Woods scored with a six-pointer.

On Wednesday, Nov. 18, at Fish Creek, a large doe was found by hunters bleeding from a fatal wound probably made by a shotgun slug. The incident was immediately reported to the Ulster county game protectors and an investigation was under way to apprehend the pouchers who were most likely disturbed before they could dispose of the carcass. The incident was reported by Teddy Carlson, a former town assessor.

Battle Toll Will

dead men may receive the benefits to which they are entitled. The army has set forth information needed for the families and beneficiaries of men who have been or will be declared dead. The regulations, which also apply to such survivors of all servicemen, include:

1. When a survivor is notified that a serviceman has died as the result of combat, the beneficiary will be furnished an application form for the payment of a gratuity. This gratuity is equal to six months pay at the rate prevailing when the man was declared dead.
2. Survivors are entitled to whatever portion of a missing man's pay that accumulates while he is missing and which has not been previously allocated, such as for allotments or savings bonds.
3. Immediately after a serviceman is declared dead, the Veterans Administration will be notified. The Veterans Administration will then help survivors collect whatever government life insurance is due them.

PROCLAMATION

THE PEOPLE OF THE STATE OF NEW YORK

To the Sheriff of the County of Ulster:

GREETINGS:

Whereas, a Trial Term of Supreme Court and Jail Delivery is to be held in and for the County of Ulster, at the Court House in the City of Kingston, on Monday, December 1, 1953.

We command you in pursuance of the provisions of Section 222-a of the Code of Criminal Procedure, in that case made and provided:

"FIRST: That you summon the several persons who shall have been drawn in said County of Ulster, pursuant to law, to serve as Grand Jurors and Trial Jurors at the said Court to appear thereat.

SECOND: That you bring before the said Court all prisoners then being in the said County, together with all process and proceedings in any way concerning them in your hands as such Sheriff.

THIRD: That you make proclamation, in the manner prescribed by Section 222-c of the Code of Criminal Procedure, notifying all persons bound to appear at the said Court by recognition or otherwise to appear thereat, and requiring all Justices of the Peace, Coroners and other Officers who have taken any recognition for the appearance of any person at such Court, or who shall have taken any inquisition, or the examination of any prisoner or witness, to return such recognition, inquisitions and examinations to the said Court at the opening thereof, at the first day of its sitting.

WITNESS: Hon. Harry E. Schrick, one of the Justices of the Supreme Court of the State of New York, at the Court House in the City of Kingston, on the 5th day of November in the year one thousand nine hundred and fifty-three.

HOWARD C. ST. JOHN
District Attorney for the County of Ulster

In pursuance of the above precept, I hereby make proclamation, that a term of Supreme Court of the County of Ulster and Jail Delivery will be held at the Court House in Kingston in and for the County of Ulster, on the 1st day of December, 1953 at 11 o'clock in the forenoon of that day, and all persons who will prosecute against persons confined in the jail of said County are required to be then and there present to proceed as may be just, and all persons bound to appear at the said Court by recognition or otherwise, are required to appear thereat; and all Justices of the Peace, Coroners and other Officers who may have taken any recognition for the appearance of any person at the said Court, or who may have taken any inquisition or the examination of any prisoner or witness, are required to return such recognition inquisition and examination to the said Court at the opening thereof, at the first day of the sitting thereof, and to be then and there present with their rolls and records, indictments and remembrances to do those things which to their office pertain.

Dated, City of Kingston, N. Y., November 5, 1953.

Operate on Patient in Kiwanis Kapers

One of the scenes in Kiwanis Kapers, at the Kingston High School auditorium Monday and Tuesday nights, depicts an emergency operation on patient, Dr. George Bushnell. "Doctor" Lawrence Quilty is shown with straw hat and stethoscope as he prepares to operate, assisted by Dr. George Rifenburg, Gus Brinnier and Dr. Arthur Hazenbush.

Roaring Twenties Theme for Kapers At KHS Monday

More than 120 members of the Kiwanis Club plus a number of wives and daughters will participate in the Kiwanis Kapers show at the Kingston High School auditorium on Monday and Tuesday evenings at 8:15 o'clock.

Proceeds of the production are used by the Kiwanis Club for its scholarship awards to high school graduates and for its welfare work.

Each member of the service club has a part in the show, either in the cast, chorus, or on one of the committees necessary to its production.

Going back to the "Roaring Twenties" for its theme, the show opens as the father, portrayed by William Leehive, gives his son, John Schick, a talk preparatory to sending him off to his old alma mater.

Flash-Backs to 1925

As the father tells about his own accomplishments when in college, a series of flash-backs to 1925 show the actual event as it happened—not always the same as the father remembers it.

In the 1925 scenes, Austin Boyd takes the part of the father. Scenes include a freshman quiz, with Roger Loughran as professor; Harold Keator, Jr., Robert Cullum, Delno Ellis, Charles Fabiano, John Comstock and Robert O'Reilly as students.

Fraternity Party

A fraternity party scene will feature Pat Warner, Mary Diamond, Herb Greenwald, James Gilpatrick, Howard R. St. John, Dave Byrne, George Silkworth, Mary Morris, John Shultz, Howard C. St. John, George Chilton, Alex Embree, John Jordan, Ray Myers, Joseph Saccoman, Charles Snyder and William Keyser.

A football scene will star Benson Krom as coach, Dewese DeWitt as Dr. McKinsey, Francis Palen as Dr. Peepers; Pat Warner and Dorothy Rifenburg as cheerleaders, and Lou Schaffer, Ray Gargaghan and Jack Frey playing under their own names.

Dave Byrne will take the part of professor in an anatomy class scene, with Chester Baltz, Jr., Pratt Boice, Al Burkert, Arthur Buddenhagen, Gilbert Hoppent, George Silkworth and Francis Schilling as students.

Emergency Operation

An emergency operation scene will show George Bushnell as patient with Lawrence Quilty, Arthur Hazenbush, George Rifenburg and Gus Brinnier as doctors.

A class reunion at the college will find the following Kiwanians taking the parts of prominent living Kingston citizens: Fred Gibbs, Ed DeGroot, Ed Shumate, Elmer Rylance, Herb DeKay, Harm Schwank, Dave Byrne, William Keyser, Bernard Feeney, Robert McMillan, Joseph Saccoman, Roger Baer, Jack McManus, Mort Englander and Pratt Boice.

Special Features

In addition to the skits and chorus numbers there will be such

Check Delaware River for Mishap

Philadelphia, Nov. 21 (AP)—The coast guard headquarters here sent a patrol boat to check the fog-shrouded Delaware river channel between Philadelphia and Chester, Pa., shortly before 8 a. m. today in the wake of reports that there may have been a ship collision.

The coast guard said the reports received by Paulsboro, N. J., police, on the east bank of the river were to the effect that residents had heard an unusual amount of ship whistle signalling, followed by a loud crash.

The coast guard said its picket boat, in a preliminary report received at 8:55 a. m., said it had located the Swedish freighter Grunda and a tug-towed barge which had had a minor collision about the time of the original report.

The picket boat said neither vessel was in danger, that there had been no fire and no immediate indication of any personal casualties.

projected Allied withdrawal. Bartoli closed the city's two major communal mess halls today. During the two previous days of demonstrations, workers raided the messes and forced the city to give them free meals. They have threatened daily raids on the halls until their demands for increased relief are met.

But today's marching ended just as the first two days' activities did—with a free lunch for the demonstrators. The city forgot about a third mess hall near the outskirts. Turned away again from the city hall, the crowd marched there and shouted "hunger."

Once more, on orders from the mayor, lunch was served to the 500 who marched to the mess. This time wine was included.

Was Unlicensed Driver

Earl E. Carle, 42, of RD 3, Saugerties, was charged with being an unlicensed operator, and his passenger, Rudolph Homeich, 41, also of RD 3, was treated at Kingston Hospital for lacerations after the vehicle driven by Carle crashed into an utility pole along Route 9W near the Glasco road intersection, the sheriff's office reported.

Carle was arraigned before Justice of the Peace Glenford Myers of Saugerties and the case was put over until today, a plea of innocent being entered. Arresting officers were Deputy Sheriffs Chester Wolven and Thomas Mayone. The accident was reported at 6:15 p. m. Friday.

special features as an act by Fred Van Deusen; Janet and Ronald Herrick presenting "Bombo," the clown on the flying trapeze; and Thomas Dendy singing Old Man River.

The orchestra will be under the direction of Harry Maisenhelder. General chairman of the Kapers committee is Vice President Hubert Hodarath, with Christopher Morris in charge of production and Howard C. St. John in charge of music.

government source ever communicated with the U. S. government about White. He said a full statement will be made later by Foreign Secretary Lester B. Pearson.

In Niagara Falls, Ont., last night Pearson said he is returning to Ottawa after cancelling weekend plans to attend the United Nations sessions in New York.

Insists He Can Tell

Pearson said his return is in connection with a second U. S. note requesting permission for the Senate Internal Security Subcommittee to question Igor Gouzenko. Canada rejected the first request, saying Gouzenko, one-time Russian Embassy code clerk who put the finger on the Canadian spy ring in 1945, had nothing more to tell.

But the Chicago Tribune, in a copyrighted dispatch last night, quoted Gouzenko from a "Canadian town" as saying he believes he "can give advice" which might help expose "present Soviet spy rings in the United States."

Democrat's View

Among others commenting on the political effects of the White case, Sen. Smathers (D-Fla.) said in an interview:

"The Republicans can't ride on this issue into next November's campaign. They are going to have to produce some results on some of the pressing problems that confront the country. Unless they do, they aren't going to win."

Sen. Hoey (D-N.C.) said, "The farmers have not been so impressed by the White case as to lose sight of the problems they face. I thought before and I still think that the Democrats are going to win control of Congress because the Republicans haven't found solutions for the country's problems."

Dewey Issues Proclamation

Albany, Nov. 21 (AP)—Gov. Dewey cites the end of "devastating hostilities" in Korea as a "particularly strong and present reason for giving thanks to Almighty God, with both rejoicing and humility" on Thanksgiving day. In a statement yesterday proclaiming Thursday as Thanksgiving day in New York, Dewey asked every family in the state to pray "that the truce in Korea means a definite end to the fighting."

Calls It Truman Harvest

London, Nov. 21 (AP)—Soviet commentator said today that former President Harry Truman "reaped his own harvest" in the Harry Dexter White spy case. Moscow Radio broadcast a commentary by I. Artemov recalling that Truman introduced the loyalty oath when he was president and pushed the prosecution of Communist leaders in the United States. "Thus," said Artemov, "Truman has harvested what he himself had sown."

Ammo Dump Threatened

Tokyo, Nov. 21 (AP)—An ammunition bunker explosion and fire endangered an American army dump near Chitose, Hokkaido, today but the flames were brought under control without additional damage or injury to firefighters.

of New Paltz five terms and he said the board continued to give him no consideration on the equalization table. He said the county table did not conform to the state table and in some instances the county rate was "double over the state table." He said he was forced to vote "no" on the adoption of a table which he said was not sound. Elliott said he considered he had been "used unfairly."

Mortgage tax amounting to \$82,225.78 was apportioned and distributed to the towns, villages and city. The city of Kingston will receive \$18,787.98.

Town budgets were presented and the board authorized the levy and assessment necessary to raise funds for town operation and for special districts including water, fire, light and sewer districts.

Corcoran Asks More

Supervisor John F. Corcoran of the sixth ward offered a resolution that county highway employees be paid time and a half for all overtime including holidays and Sundays. The matter was referred to the Budget Committee.

Employees of the highway department are now paid straight time for all overtime hours. Much of the overtime comes during the winter months when snow and ice removal is required.

Several resolutions were approved placing property on the tax rolls in instances where it had been omitted.

A resolution was also approved authorizing the raising of \$700 in each of the four supervisors districts for the additional salary of the district school superintendents. In the third district an additional \$350 was authorized for stationery, supplies and clerical help.

Aid for Tumor Clinic

Supervisor Wilson of Woodstock announced a conference had been held in Albany Thursday at which time the county had been assured of state aid for the "Tumor Clinic" for this and next year. The state aid will be about \$17,000 each year.

Attending this conference with the state commissioner of health was Wilson, Dr. Frederic Holcomb, Harry Kaplan as president of the board of health, Dr. Eugene F. Galvin and County Commissioner Hargrave.

Clerk Snyder announced a meeting of the Budget Committee for Tuesday at 10:30 a. m.

The board adjourned until November 30 at 8 p. m.

Is Resting Quietly

Paris, Nov. 21 (AP)—French Foreign Minister Georges Bidault, who almost collapsed yesterday in the National Assembly, passed a good night and is resting quietly, a spokesman at the foreign office said today. He said Bidault fully expects to be present for the conclusion of the National Assembly's debate on foreign policy on Tuesday.

Tenor Will Return

Chicago, Nov. 21 (AP)—Tenor David Poleri, who apologized for walking off the stage during the final scene of "Carmen" Thursday night, will appear on the Chicago Theatre of the Air tonight.

15 Workmen Rescued

Beirut, Lebanon, Nov. 21 (AP)—Lebanese army sources said today that mountain troops have rescued 15 workmen reported missing after a heavy snowstorm in the Hermon Mountains. The men, repairing roads through the heights, had taken refuge in a cave. Seventeen goatherds and shepherd girls, also reported missing during the storm were located yesterday in a cave with snow 6 feet deep outside.

Sets Running Record

Motspur Park, England, Nov. 21 (AP)—Wally Hayward, 45-year-old South African, set a world record for running today—covering 159 miles, 562 yards in 24 hours. Hayward had to be assisted off the tiny Motspur Park cinder track. He flopped exhausted on a dressing room bench and scarcely seemed interested as aides told him he had smashed every known record from eight hours up. During the monotonous jogging around the oval track he lost seven pounds.

13 Polio Cases

DeWitt, Nov. 21 (AP)—A team of state health officials probed today for the root of "a severe outbreak" of polio in this Onondaga county community. Thirteen polio cases have been reported here during the last 20 days in what Dr. Walter Levy, district health officer, yesterday termed "a mild epidemic."

Recruiter to Have Special Display At Film Premiere

The local U. S. Army and U. S. Air Force recruiting station will have a special booth at the Broadway Theatre next week in connection with the opening of the picture, *Take the High Ground*, depicting the infantry in action.

Sgt. Douglas A. Fleischhauer, who is in charge of the local office during the absence of Sergeant First Class Clarence Carney, said today that he will have a display of books, pamphlets and posters to acquaint prospective enlistees with the various schools and training programs the army and air force offer.

Charles Gordon, manager of the mid-town theatre, also is cooperating with the local recruiting office during the premiere showing of the film in this city.

Gordon has announced that enlistees who are awaiting orders to Albany for examinations will be guests of the management next Wednesday night, Nov. 25.

Take the High Ground depicts the life of the infantry soldier working his way through basic training.

Plans Completed For Eve Program

Woodstock, Nov. 21—Final arrangements for the Christmas Eve celebration on the village green were made at the regular monthly meeting of the Woodstock Square Club at the fire hall Thursday night. This organization sponsors the celebration and also acts as a co-ordinating agency in the solicitation and collection of any donations which members of the community may forward to the club to defray the expenses of the celebration.

The members of the Christmas celebration committee for this year are Lewis Wilson, Leon Carey and Robert Gordon acting as co-chairmen, with every member of the Square Club acting as committee assistants.

George Laws, president, appointed a nominating committee consisting of Adolf Heckerroth, Walter Van Wagenen and John Sterley of Kingston.

The president's dinner will be held as usual in mid-January and the following were appointed as the committee in charge: Dr. J. Crandall, Rudolph Baumgarten and Leon Carey.

After the business meeting the members enjoyed a film on aviation from United Airlines. These films were shown to the children of the Woodstock School on Friday morning. After the entertainment refreshments were served.

Show Extended

Woodstock, Nov. 21—Singular admiration by both artists and the public for the exhibition of paintings by the late Walter "Pop" Goltz in the lobby of the Kingston Theatre, has prompted an extension of time allotted to this collection by this excellent, forgotten Woodstock painter.

One of the finest of Goltz's smaller paintings titled *Mire-All Mire*, as far as the eye can see, has been purchased by Mr. and Mrs. Ed Bauman, and several more purchases, according to Norbert Heermann who arranged the exhibit, are pending.

Four Bag Deer

Woodstock, Nov. 21—Reports of three deer taken in the Shady-Lake Hill area have been received. James Howland of Shady took a four pointed buck Wednesday. Gene Howland of Lake Hill bagged an eight-point, 165-pound buck Wednesday afternoon and Clifford Chase, 17, who has been hunting for two years, caught his first buck, a hundred pound, six pointer, Thursday afternoon at 4:30 p. m. In Wittenberg Dick Shultis bagged a buck Wednesday.
